

So much fun with the KRAFT macaroni and cheese shapes! Pages 2 and 3 have sorting and graphing activities to use with these shapes. I put a few of each in a Ziploc and then give each student a bag to work with. Page 2 is Preschool and Kindergarten level and page 3 is first and second grade level. Page 4 and 5 are pocket chart pieces if you wish to do a lesson first whole class before you let them do it on their own. Page 6 is patterning. You can even have students glue the correct shape on. I hope you enjoy. If you like our stuff visit my store at : <http://www.e-junkie.com/teachingheart>
