God's little light is going by, Is going up to see the angels in the sky, A little light with wings.	God's little light is going by, Is going up to see the angels in the sky, A little light with wings.	God's little light is going by, Is going up to see the angels in the sky, A little light with wings.	
Not sure how God thought of it, To have a little bug all lit And made to go on wings.	Not sure how God thought of it, To have a little bug all lit And made to go on wings.	Not sure how God thought of it, To have a little bug all lit And made to go on wings.
