

Five little ladybugs climbing up a door.  
One flew away, then there were 4.  
Four little ladybugs sitting on a tree.  
One flew away, then there were 3.  
Three little ladybugs landed on a shoe.  
One flew away, then there were 2.  
Two little ladybugs looking for some fun.  
One flew away, then there was 1.

# Little Ladybug Poem Fun!

Draw X's in the box to match the number of Ladybugs in the poem. The first one is done for you.

X	X	X	X	X
---	---	---	---	---

5 little ladybugs climbing up a door.

One flew away, then there were 4.

--	--	--	--	--

4 little ladybugs sitting on a tree.

One flew away, then there were 3.

--	--	--	--	--

3 little ladybugs landed on a shoe.

One flew away, then there were 2.

--	--	--	--	--

2 little ladybugs looking for some fun.

One flew away, then there was 1.

--	--	--	--	--

1 little ladybug sitting in the sun.

She flew away, and then there were **none!**

--	--	--	--	--

Write the beginning sound for each picture.

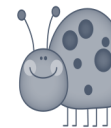

\_\_\_ oor

\_\_\_ un

\_\_\_ ree

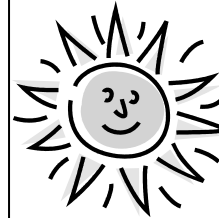

\_\_\_ adybug

Draw a line to the picture and numbers

no Color the body yellow.

Have you ever seen a ladybug in your house?

yes Head is brown.

no Head is black.

If you were a ladybug would you be...

happy Draw a sun above your ladybug.

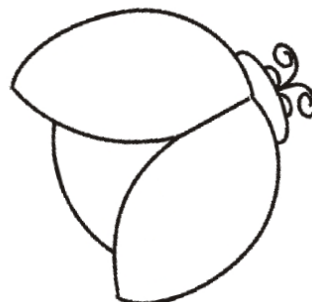

grouchy Draw a cloud above your ladybug.

How old are you?

age Draw a spot for every year you have been alive.

My ladybug glyph!

Hey, check out my glyph! Did you know glyphs are forms of data interpretation? I am using so many skills in my classroom while learning about ladybugs. Please look over my glyph and discuss with me.

Roll and draw ladybug spots!

- Red
- Orange
- Yellow
- Green
- Blue
- Purple

## LADYBUG CYCLE CUT, SORT, COUNT, TRACE, AND GRAPH!

\_\_\_ larva in a box

\_\_\_ pupas in a box

\_\_\_ ladybugs in a box

Circle the part of the ladybug life cycle that you have the most of.

Now circle the one you have the least of.

10 Frames - Cut, Count, and Paste!

A ladybug life cycle unit that includes some early math and reading activities. Below is a list of all items found in this packet. I used these lesson fillers with Preschool. They would also work for Kindergarten

(Pages 3-4) 5 Little Lady Bug Flap Book—Student colors and traces numbers. The bugs disappear as the student read the poem and turns the pages..

(Pages 5-8) Various 5 Little Lady Bug Poem Formats for use.

(Pages 9 –10) Counting Lady Bugs Pocket Chart Pieces or Center—Student counts ladybugs and matches it to a leaf.

(Page 11) - Simple ladybug life cycle pocket chart pieces.

(Pages 12-13) Lady Bug Life Cycle Cut and Paste—In color and black and white

(Pages 14-18) Lady Bug Life Cycle Cut and Past Wheel Craft—In color and black and white. Spin the wheel and share each stage of the life cycle.

(Page 19) Ladybug Cycle Cut, Sort, Count, Trace, and Graph—Student activity sheet covering many early math skills.

(Page 20) Ladybug Early Glyph Fun—Great way to introduce data interpretation with the younger students. Work through the glyph in small groups and let your students share their finished glyph with a parent. Easy—all you need are crayons!!

(Page 21) Ladybug counting puzzle—Print and laminate. Students can put the puzzle together. How many ladybugs do you see when you put the puzzle together. I like to print and bag a few of these to use in a center.

(Page 22) Ladybug Phonics Activity Sheet—Student worksheet.

(Page 23) Ladybug Roll and Draw Dice Game—Students take turns rolling the dice and drawing colored spots on a ladybug. First person to get all six colors drawn on the bug wins.

(Page 24) Ladybug 10 Frames Student Worksheet—Students cut, count, and paste the numbers.
